

30th IRCMS Seminar

Date: **October 23, 2017 (Mon)**

Time: 15:00-17:30

Venue: 1F Conference Room
Institute of Molecular Embryology and Genetics
(IMEG)

Talks & Speakers: 15:00-15:45

**“Metabolism, control of cell fate decisions,
and hematopoietic stem cell renewal”**

Keisuke Ito, M.D., Ph.D.

Associate Professor of Cell Biology and Stem Cell Institute

Associate Professor of Medicine

Director of Scientific Resources of the Stem Cell Institute

Faculty Supervisor and Director, Single Cell Genomics and Epigenomics Core

Albert Einstein College of Medicine (Einstein)

15:45-16:30

**“Hematopoietic stem cell and stem cell
independent hematopoiesis”**

Momoko Yoshimoto M.D., Ph.D.

Associate Professor

Center for Stem Cell and Regenerative Medicine

The Brown Institute of Molecular Medicine

The University of Texas Health Science Center at Houston

~ Break ~

16:40-17:25

**“Functional and molecular heterogeneity within
the human haematopoietic stem cell
compartment”**

Elisa Laurenti, Ph.D.

Group Leader

Wellcome Trust - Medical Research Council Cambridge Stem Cell Institute

Centre for Hematopoiesis and Leukemia Research, Department of Hematology

University of Cambridge

Organizer: Prof. Hitoshi Takizawa

International Research Center for Medical Sciences (IRCMS)

TEL:096-373-6847 FAX:096-373-6869
